### 2008 District Assembly Invitation

The strength of Rotary Leaders is developed through good training.

A strong Rotary club requires a strong leadership team. The District Assembly prepares incoming club leaders in each district for their year in office. The District Assembly is also an opportunity for club leaders to meet with district leaders, to help motivate their leadership team along with building a good working relationship to support club projects and activities.

Who should participate: Incoming club leaders: presidents-elect and incoming secretaries, treasurers, and club committee members.

It is important to have as many team members, along with future leaders of your club, to participate in the district assembly. It will help build unity and good fellowship with your members, as well as, developing leadership continuity within the club.
